# Foreword

This Compliance pack has been created to enable the customers of Slicker Recycling Limited to conduct a 'desktop' compliance study, thereby executing reasonable Duty of Care obligations with regard to the responsible and appropriate recycling arrangements for their hazardous waste streams.

This pack is not intended or inferred to be a substitution for a formal Duty of Care audit, which requires a visit to the waste management facility, but nonetheless should give comfort to the hazardous waste producer / consignor that their wastes are being dealt with in a professional and compliant manner.

This pack includes relevant environmental and quality assurance certification, together with other useful data. If you require further specific and appropriate information, such as Slicker Recycling Limited waste facility permits or licenses. You can contact the team on the email below.

Mark Olpin

Executive Chairman

5. Use in connection with the motor trade

For Zurich Insurance Company Limited  
Authorised insurers

Tim Bailey  
Chief Executive Officer of Zurich Insurance Company Limited, UK Branch

We hereby certify that the policy to which this Certificate relates satisfies the requirements of the relevant law applicable in Great Britain, Northern Ireland, the Isle of Man, the island of Guernsey, the island of Jersey and the island of Alderney. **Note:** For full details of the insurance cover reference should be made to the policy.

**Advice to Third Parties:** Nothing contained in this Certificate affects your right as a third party to make a claim.

This Policy applies in respect of events occurring in Great Britain, Northern Ireland, the Isle of Man and the Channel Islands, all member countries of the European Union, Iceland, Norway, Switzerland, Serbia, Andorra and Bosnia & Herzegovina.

La présente politique s'applique aux événements survenant en Grande-Bretagne, en Irlande du Nord, sur l'île de Man et les îles Anglo-Normandes, dans tous les pays membres de l'Union européenne, en Islande, en Norvège, en Suisse, en Serbie, en Andorre et en Bosnie-Herzégovine.

Diese Versicherung gilt für Schadenereignisse, die in Großbritannien, Nordirland, der Isle of Man und den Kanalinseln, allen Mitgliedstaaten der Europäischen Union, Island, Norwegen, der Schweiz, Serbien, Andorra und Bosnien-Herzegowina eintreten.

La presente Política si applica a eventi che si verificano in Gran Bretagna, Irlanda del Nord, Isola di Man e Isole del Canale, tutti i paesi membri dell'Unione europea, Islanda, Norvegia, Svizzera, Serbia, Andorra e Bosnia-Erzegovina.

La presente Política es aplicable al respecto de los hechos que tienen lugar en Gran Bretaña, Irlanda del Norte, la Isla de Man y las Islas del Canal, todos los países miembros de la Unión Europea, Islandia, Noruega, Suiza, Serbia, Andorra y Bosnia y Herzegovina.

### Instructions in the event of an accident

You SHOULD

1. take names and addresses of all witnesses;
2. report the accident to the office issuing this Certificate (see overleaf) or if this is not practicable, to the nearest office (see Telephone Directory) quoting the Certificate Number;

3. if your policy is comprehensive put us in touch with your garage; if your vehicle is in use tell us when and where you intend taking it for repair;

4. send all communications you receive relating to claims or proceedings against you, unanswered, to the office with which you normally deal quoting, if known, the claims reference.

### IMPORTANT

The Law requires:

1. unless names and addresses, including those of the vehicle owner, together with the registration mark of the vehicle are exchanged at the time of the accident the driver must report it to the Police as soon as possible and in any case within 24 hours;
2. if anyone was injured and the Certificate of Insurance was not produced to the Police at the time of the accident, the driver must report the matter to the Police as soon as possible and in any case within 24 hours and produce the Certificate (or arrange to produce it within five days of the accident).

You SHOULD NOT

1. admit any liability;
2. negotiate or make any agreement with anyone regarding your responsibility for the accident;
3. make or offer any payment whatsoever to any Third Party, if in doubt – consult us;
4. repudiate a claim without our agreement; this may result in Court Action against you by the other party

# Quality Policy

As the UK market leader in the collection of oil and garage service sector wastes, Slicker Recycling take pride in recycling or recovering over 90% of the waste delivered to our facilities. We are committed to supplying our partners with waste oil that can be re-refined to base oil for use in new lubricant products.

We recognise the benefits of continuous improvement, and the use of an external UKAS certified Quality Management System accredited to ISO 9001:2015 confirms this commitment. We are also members of the Environmental Services Association (ESA) and Waste Facilities Audit Association (WFAA) bodies.

Our commitment will be demonstrated by achieving the following:

- **Compliance**, with quality improvement drivers such as our Quality Management System (QMS), ISO 9001: 2015 and the Quality Protocol compliance where we are a market leader
- **Continuing to develop** the Quality Management System to refine clear objectives and targets with which to measure our business performance
- **Identification of areas to be improved** for all our activities focused on actions to develop business performance for the benefit of our customers
- **Enhancing customer satisfaction** by adapting our services to changing customer needs and expectations
- **Delivering a polite, efficient and professional service** to our customers in a timely and cost-effective manner
- **Ensuring** procedures, method statements, and risk assessments for the safe; handling, packing and transportation of hazardous substances are in place and used
- **Provide and maintain** plant, equipment and systems of work that are reliable and offer confidence to operators and clients
- **Clearly assign responsibility**, to appropriate personnel, for monitoring of compliance with this policy and associated procedures
- **Provide sufficient direction**, information and instruction to ensure the delivery of our quality objectives for our employees, contractors and anyone else who may be affected by our operations or activities
- **Investing in employees** at all levels to ensure they are suitably trained and competent to carry out their duties and enhance personal and professional capabilities which benefit quality of business performance
- **Involve and consult** employees on our impact and quality matters to encourage commitment and understanding for the benefit of the business and its customers
- **Provide necessary and adequate resources**, both financial and human, to ensure the full implementation of this policy
- **Maintain and display** the Quality Policy
- **Measuring** the effectiveness of the implementation of the Quality Policy by regular; audit, review and reporting on our quality performance, implementing any corrective action promptly in respect of continual improvement
- **Ensure** all queries and complaints are logged and investigated with the stakeholder responded to in a polite and timely manner
- **Review** the policy during Management Reviews to ensure it and the supporting Quality Management System remains relevant, appropriate and effective for the needs of the organisation
- **Design** the scope of the organisation's Quality Management System does not include design, focusing on the supply of products and services in accordance with our business plan

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

# Environmental & Sustainability Policy

Slicker Recycling Limited, recognise and accept our responsibility to ensure the protection and conservation of ecosystems, the environment, and promotion of biodiversity when developing our business model. In pursuing this we are dedicated to performing our activities using sustainable criteria and solutions to ensure that wherever possible waste is reprocessed to product status in accordance with the developing Circular Economy and existing Waste Hierarchy requirements.

We are committed to protecting the environment and preventing pollution. We recognise the impact that our activities have on the environment and are committed to minimising any adverse effects including the use of high efficiency vehicle routing and the supply of low carbon footprint fuels which also aid our customers in reducing their environmental impact by up to 95% compared with the use of virgin fuels.

Our commitment will be demonstrated by achieving the following:

- **Compliance**, with all relevant statute, key environmental improvement drivers such as our Environmental Management System, ISO 14001:2015 and the Waste Hierarchy compliance where we are a market leader
- **Identification** of Significant Aspects and Impacts for all activities, and specify and implement resultant control measures in order to eliminate or minimise the potential for pollution and environmental impact
- **Protection** of the environment and prevent pollution risk related to the activities of ourselves and our customers by managing, monitoring and maintaining pollution prevention infrastructure e.g. interceptors
- **Reducing** environmental nuisance, energy consumption and preserving natural resources
- **Adapt** to the global climate change crisis through the maintenance and implementation of Climate Change Risk Assessment and Adaption Plans at each of our operational sites; in addition to developing and working to carbon reduction goals as part of the wider Environmental and Social Governance (ESG) commitments
- **Ensuring** suitable arrangements for the handling, storage and transportation of hazardous substances to prevent pollution are present and implemented
- **Design**, select, use and install new plant and equipment with consideration to reuse and sustainability factors to minimise the overall impact on the environment
- **Invest** in technologies which offer our customers reduced environmental impact and hence sustainable improved environmental performance
- **Clearly assign** responsibility, to appropriate personnel, to monitor compliance with this policy and associated procedures
- **Provide** sufficient supervision, information, and instruction to ensure the protection of the environment as it may be affected by our operations and activities
- **Ensure** employees at all levels are suitably trained and competent to carry out their duties and responsibilities
- **Develop** our employees to enhance personal and professional capabilities which benefit them and apply sustainability criteria
- **Involve and consult** employees on our impact and sustainability matters, to encourage commitment and understanding
- **Provide** necessary and adequate resources, both financial and human, to ensure the full implementation of this policy
- **Maintain and display** this policy, setting auditing and reviewing performance against objectives
- **Regularly review and report** on our sustainability performance, implementing any corrective action promptly in respect of continual improvement
- **Review** the policy during Management Reviews to ensure it and the supporting Environmental Management System remains relevant, appropriate and effective for the organisation's needs

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.

# Occupational Health & Safety Policy

Slicker Recycling Limited, accept our responsibility to ensure, so far as is reasonably practical, to offer a safe and healthy working environment for our employees and those affected by our business operations. In addition to our statutory obligations, we will seek to prevent ill health, injury damage and loss resulting from our operations and activities.

Occupational Health and Safety is an integral part of our business activities, and performance in this area ranks equally with the other company objectives such as those for business development, quality and the environment.

We recognise the benefits of continuous improvement and the business has incorporated ISO45001:2018 into our overall management system. We are members of the British Safety Council.

Our commitment will be demonstrated by achieving the following:

- **Compliance** with regulation, statutory guidance and OH&S improvement drivers such as our H&S Management System, ISO 45001:2018
- **Continuing to Develop** the H&S system to improve our understanding of our practical business risks and help develop clear objectives and targets with which to benchmark and to measure our business performance
- **Identification of Significant Hazards and Risk** for all activities, and specify control measures and actions to reduce risk and improve business performance, if possible, by hazard elimination
- **Monitor the health and wellbeing** of high-risk employees to aid the identification and prevention of ill health
- **Ensure** suitable procedures, method statements, and risk assessments for the safe; handling, packing and transportation of hazardous substances are in place and used
- **Provide and Maintain** plant, equipment and systems of work that are safe
- **Clearly assign responsibility**, to appropriate personnel, to monitor compliance with this policy and associated procedures
- **Provide sufficient direction**, supervision, information and instruction to ensure the delivery of our OH&S objectives for our employees, contractors and anyone else who may be affected by our operations or activities
- **Investing** in employees at all levels to ensure they are suitably trained and competent to carry out their duties and enhance personal and professional capabilities which benefit OH&S business performance
- **Involve and consult** employees on our OH&S performance, to encourage commitment and understanding for the benefit of the business and its customers, by using toolbox talks, training courses and H&S meetings
- **Provide necessary and adequate resources**, both financial and human, to ensure the full implementation of this policy
- **Maintain and display** the OH&S Policy and the Health and Safety at Work Act (1974) poster
- **Measuring** the effectiveness of the implementation of the OH&S Policy by regular; audit, review and reporting on our performance, implementing any corrective action promptly in respect of continual improvement
- **Ensure** all accidents, incidents, close calls and dangerous occurrences are documented, investigated and remedial action agreed and undertaken, with learning and prevention used as key drivers for business improvement
- **Review** this policy during Management Reviews to ensure it and the supporting H&S Management System remains relevant, appropriate and effective for the organization's needs

Slicker Recycling Limited encourages all employees to become actively involved and to co-operate in the effective implementation of this policy to ensure success in achieving our targets.
